## Current Work

### Founding Partner

AbedGraham Healthcare Strategies Ltd (September 2011 –)

AbedGraham is a strategy consultancy providing clinically led advisory services for IT suppliers, government agencies and healthcare providers. I lead healthcare IT public policy and cybersecurity consulting with previous clients including Microsoft, IBM, Dell, Citrix, VMWare, McKesson and the Irish HSE.

### Medical Director & Clinical Safety Officer (EMEA)

Imprivata Inc. (June 2014 –)

Imprivata is a leading global provider of cybersecurity solutions. My role provides advisory services relating to European healthcare systems with a particular focus on information governance and clinical workflow requirements and policies.

### Clinical Advisor & Clinical Safety Officer (EMEA)

Hyland Software Inc. (Feb 2016 –)

Hyland is a global provider of enterprise content management solutions. My role provides advisory services relating to the NHS & HSE with a particular focus on national IT policies, regulations and requirements.

### Chief Medical Officer & Clinical Safety Officer (EMEA)

BridgeHead Software Ltd (April 2016 –)

BridgeHead is a leading global provider of data storage solutions. My role focuses on public policy analysis, business case development and clinical engagement.

## Previous Work

### Medical Director

Triangle Computer Services Ltd (April 2016 – December 2017)

Triangle is an Irish provider of IT product and support services. My role supported the delivery of clinical and regulatory advisory services to support hospitals to develop appropriate IT strategies and pilot new solutions.

### Lead, Product Development & Communications

Ascend Innovations Ltd

(March 2013 – October 2013)

Whilst a client of AbedGraham I was appointed to lead product development, testing, risk mitigation and business development for this Cambridge based mobile health solutions provider.

### FYI Doctor & Honorary Research Assistant

St. George's Healthcare NHS Trust

(August 2011 - August 2012)

Junior doctor and academic trainee in the fields of respiratory medicine, colorectal surgery and intensive care medicine.

## Education

### MSc Software & Systems Security (GCHQ Pathway)

(2016 – 2020)

Kellogg College, U. of Oxford

### MPhil in Management

(2012 – 2013)

Fitzwilliam College, U. of Cambridge

*Awarded the PwC Excellence in Consulting Award*

### Bachelor of Medicine, Bachelor of Surgery (MBBS)

(2005 – 2011)

St George's, University of London

*Graduated with merit & distinction*

### BSc in Basic Medical Sciences with Anatomy (First Class Honours)

(2009 – 2010)

St. George's, University of London

*Awarded the Henry Charles Johnson Medical Prize in Anatomy as the top graduating student*

## Achievements

### Publications

Multiple clinical publications in a range of journals including The British Journal of Ophthalmology, The American Journal of Plastic & Reconstructive Surgery and Orbit.

Multiple health IT industry publications and media interviews including in Business Insider, the BBC, Forbes, HIMSS and France24.

### Prizes

Multiple national and international clinical research prizes.

### Presentations

Multiple international clinical, health IT and cybersecurity industry presentations.
